

UPDATE THE BADGE WHEN A PLACE IS MARKED INTERESTING

PlaceViewController.m

```
- (void)makeThisPlaceInteresting:(id)sender {  
    ...  
    UIAlertView *alert = [[UIAlertView alloc]  
        initWithTitle:@"Place favorited"  
        message:@"This Place is now in your favorites list"  
        delegate:nil  
        cancelButtonTitle:@"OK"  
        otherButtonTitles:nil];  
  
    [alert show];  
    [self.tabBarController.tabBar.items[1]  
        setBadgeValue:[NSString stringWithFormat:@"%i",  
            self.city.interestingPlaces.count]];  
  
    [sender removeFromSuperview];  
}
```
