

TWO THINGS TEXTFIELD SHOULD RETURN: SHOULD DO

CityViewController.m

```
- (BOOL)textFieldShouldReturn:(UITextField *)textField {  
    // 1. Update the City Model object with the text in notesField  
    self.city.notes = self.notesField.text;  
  
    // 2. Make the keyboard go away  
    [textField resignFirstResponder];  
  
    return YES;  
}
```
