USING FAST ENUMERATION

NSArray *catNames

0	1	2	3
Fluffy	Pepper	Whiskers	HiggieCat

Console Output

> Cat name is: Fluffy

> Cat name is: Pepper

> Cat name is: Whiskers

> Cat name is: HiggieCat

a new Object that is local to the enumeration loop!

The set/array you are enumerating through

```
for (NSString *catName in catNames) {
    NSLog(@"Cat name is: %@",catName);
}
```
