DON'T SHOW THE BUTTON IF THE PLACE IS ALREADY INTERESTING

PlaceViewController.m

```objc
-(void)viewWillAppear:(BOOL)animated {

    BOOL placeAlreadyInteresting = NO;

    for (Place *p in self.city.interestingPlaces) {

        if([p.name isEqualToString:self.place.name]) {

            placeAlreadyInteresting = YES;

        }

    }

    if(!placeAlreadyInteresting) {

        // show the button because this Place isn't interesting yet.

    } else {

        // don't show the button because this Place is already interesting.

    }

}
```
